Special Request

With the Christmas Season right around the corner and in the spirit of giving, we are asking all attendees to bring an unopened/unwrapped toy that the Assembly will be donating to the Marine Corps Toys for Tot's program. As the pandemic has impacted the lives of everyone, families in need, and especially children, this will provide a way for the Knights of Stritch Assembly to help make Christmas brighter for the kids. Thank you in advance for your participation in this program.
